

## SENATOR BARBOUR ATTACKS THOMPSON

### CHICAGO SENATOR IN BITTER ATTACK ON RAMSAY DISMISSAL

Looked for Break Between the Administration and Anti-Thompson Forces in Legislature—Fight is For Public Administrator of Cook County—Fattest Job in the State

(By The Associated Press)  
SPRINGFIELD, Ill., March 8.—The break has come. Political war between administration and anti-Thompson forces broke in the senate tonight over Governor Small's appointment of Gregory T. VanMeter as public administrator of Cook County to succeed Gordon A. Ramsay, removed by the governor "for incompetency."

The battle for the most lucrative position at the disposal of the governor was opened by Senator James J. Barbour, anti-Thompson Republican from the sixth Chicago district. It will be continued tomorrow morning when Senator Samuel A. Ettelson, corporation counsel of Chicago, and administration leader, will defend the governor's action.

Senator Barbour's attack against the administration, Mayor Thompson of Chicago and Fred Lundin was bitter. When his tirade had ended Senator Ettelson arose and said that he was ready to reply then or in the morning. In the truce declared by Senator Jewel, president pro tem, the senate voted to stop the battle for the night. Senator Richard J. Barr of Joliet being the only senator to vote to continue tonight.

The senate went into executive session to consider the appointments of public administrators upon motion of Senator Ettelson. Senator Barbour asked to have the appointment of VanMeter considered separately and alone. As soon as Senator Barbour began to talk the fire of anti-administration sentiment which has smoldered for nine weeks burst into flame.

**Scores Mayor Thompson.**  
The removal of Ramsay, Senator Barbour declared was due to a peculiar, unfair and disgraceful condition of Illinois Republican politics. The appointment of VanMeter, he said, "dictated from on high by His Eminence, Mayor Thompson and his Lordship and God Almighty, Fred Lundin."

"The acts of everybody in connection with this appointment at this time are induced by a thirst for the pelt that goes with it," Senator Barbour said. "Sordid motives are at the bottom of it," he asserted that good taste should keep Governor Small from removing Ramsay until his term as public administrator expires next December. Inasmuch as Governor Small was appointed, was a part of the administration which appointed him. He referred to the term of former Governor Frank O. Lowden as "an administration which will shine out for all time."

The executive mansion on the night Governor Small was inaugurated appeared. Senator Barbour said, "like Belgium after the Germans got in." "While they had the governor upstairs shaking hands from 7 until 11 o'clock Fred Lundin and the rest of that crowd were in the basement patting themselves on the back as if they owned the place."

"The men who refuse to confirm this appointment will retain the respect of the law-abiding people of Illinois at all time. The time is coming when we will have lawful elections in Illinois."

**WEEKS WILL REVISE  
ARMY OFFICER LIST**  
(By The Associated Press)  
WASHINGTON, March 8.—A revised list of nominations for promotion of army officers above the rank of major will be submitted by Secretary Weeks to the president soon for transmission to the senate.

It is expected that the list is finally approved by the secretary will differ quite materially from that forwarded by former Secretary Baker. Secretary Weeks is devoting much of his time to a study of the service records of the officers nominated by his predecessor who failed of confirmation by the senate and of the records particularly as regards the world war of a number of officers who were not on the list.

**\$180,000 WORTH OF  
GRAIN DESTROYED**  
Mitchell, S. D., March 8.—Twelve thousand bushels of corn and wheat were burned last night when a fire of unknown origin destroyed the Farmers' Elevator at Delmont. The loss is estimated at \$180,000. A party covered by insurance.

### WITHDRAWAL OF AMERICAN TROOPS NOT CONSIDERED

Army of Occupation is Likely to Remain in Germany

CO-OPERATION IS TO BE KEYNOTE

(By The Associated Press)  
WASHINGTON, March 8.—Various aspects of the nation's foreign relations, as well as problems of administrative organization, were considered by President Harding and his department heads today at the first cabinet meeting of the new administration.

Afterward, definite announcement was made at the war department that in formulating its policy toward the Rhine situation this government is not now considering a withdrawal of the American troops of occupation.

It was learned at the same time that as another step toward Pan-American unity, the president is preparing to ask that the senate ratify at once the long treaty pending with Colombia.

Developments in regard to the Panama-Costa Rica hostilities were less definite, but it is understood the cabinet took cognizance of that situation. The next step awaits a reply from Panama to the American note of Saturday.

**Co-operation Is Keynote.**  
On domestic questions major attention was directed toward perfection of the cabinet organization as a smoothly working machine. Mr. Harding is understood to have made co-operation the keynote of instructions to his secretaries.

All ten of the department heads and Vice President Coolidge were present. The session lasted more than two hours.

After the meeting all the secretaries declined to give an intimation of what had transpired. The only announcement coming from the White House said the cabinet would be called together again Friday and that thereafter meetings would be held at least once a week, probably on Tuesdays.

The war department, in framing a temporary policy embodying the retention of American troops on the Rhine, is understood to have taken into account all the elements of the present situation in Western Germany.

Altho nothing definite has developed in other quarters to indicate the probable permanent policy of the new administration, it is known that the situation now presented along the German border is receiving the close scrutiny of Mr. Harding and his advisors.

Wrapped up in the Rhine situation is the question of passing a congressional resolution to declare a state of peace with Germany, and it is believed the administration will determine its attitude on such resolution in the light of full information about present European conditions.

### NO PROSPECT OF DECREASED RATES

Railroad Freight Rates Not Likely to Decrease Interstate Commerce Chairman Tells Senator Harris.

(By The Associated Press)  
WASHINGTON, March 8.—The general railroad situation shows no prospect of general decreases in freight rates, Chairman Clark of the Interstate Commerce commission informed Senator Harris of Georgia. The situation is not so good now as it was in December.

There has been a substantial falling off in the general traffic of the railroads of the United States is something over 90. That means that for every dollar that the railroads earn they pay out in operating expenses more than 90 cents.

Under these circumstances it is difficult to find an argument in favor of reducing rates unless in instances in which it can be the traffic and the lower rates which would still be compensatory would effect a movement from which there would be some return.

**GERMAN DELEGATES  
DEPART FOR HOME**

London, March 8.—The German delegates to the reparations conference here left London for Berlin at 2 o'clock this afternoon. Their departure was without incident. The Germans will proceed from Ostend, Belgium to Berlin on a special non-stop train. The train carrying the German delegates from London had on board a number of British relief soldiers proceeding to join the British forces on the Rhine.

### City of Duesseldorf In Hands of Allies

(By The Associated Press)  
DUESSELDORF, Germany, officials it is understood that the March 8.—(By A. P.)—French and British airplanes flew over Duesseldorf this afternoon, while allied troops with machine guns were taking positions on the bridges and roads in the important factories. The inhabitants of the city were surprised at daylight to see the Rhine boats loaded with troops and war materials.

British tanks and cavalry landed to the north and French artillery and engineers landed to the south of the city. The Anglo-French forces massed around Duesseldorf, while Belgian infantry, which had concentrated yesterday at Crefeld, entered the center of the city.

The allied headquarters have asked the mayor to give them possession of certain schools, besides the barracks and railway station, which have not yet been occupied. Traffic with Oberassel, across the Rhine, has stopped and telephone communication, with the town has been interrupted.

**Announce Method of Control.**  
Duesseldorf, March 8.—The administration of the newly occupied territory will be the same as is at present applied in the Rhineland. German officials and employees will carry on affairs according to German laws and regulations but under the general control of the allied troops.

The nothing has been definitely settled regarding the method of collecting the customs beyond the employment of the German tariff

**Stocks of Grain  
ON FARMS LARGEST  
KNOWN IN HISTORY**  
Almost Half of Corn Crop Remained on Farms Until March 1  
IOWA LEAD WITH OVER 100,000,000 BUSHELS  
(By The Associated Press)  
Washington, March 8.—Large stocks of grain were held on farms March 1, this year, than on that date in any other year in history. Wheat was the only exception, the holdings in 1916, year following the only billion bushel crop, having exceeded this year's holdings by 37,000,000 bushels.

Almost half of the country's record corn crop of last year remained on farms March 1, also more than a quarter of the wheat crop and almost half of the large crop of oats, according to the department of agriculture's estimates announced today. The large crops of last year and decreased grain prices are believed to be largely responsible for the heavy holdings.

Holdings of corn were more than half a billion bushels larger than a year ago, while wheat holdings were about 43,000,000 bushels more. Iowa, premier corn state, had 100,000,000 bushels more corn on its farms than on March 1, 1920, and Illinois had 40,000,000 bushels more than a year ago, while Nebraska's holdings exceeded last year's by 37,000,000 bushels.

With a few exceptions, the principal wheat producing states were holding larger stocks on farms than a year ago. Farm holdings of Kansas were largest, being about 5,000,000 bushels more than a year ago. Nebraska's holdings were second largest and were more than 8,000,000 bushels larger than last year, while North Dakota's stocks were largest.

**HOPE TO SETTLE  
RAILROAD STRIKE**  
(By The Associated Press)  
ATLANTA, Ga., March 8.—Conferees thru which the federal mediation board hopes to settle the wage reduction strike on the Atlanta, Birmingham & Atlantic railway continued here today but with no announcement from any of the parties concerned as to results. The fourth day of the strike found service on the road at a standstill, only one train having been operated since the union employees walked out last Saturday.

L. Calhoun, commissioner of the mediation board, appeared before a final settlement following a meeting with Colonel B. L. Bugle, receiver of the road and a talk with members of the point committee of the brotherhoods and crafts involved.

**PRESIDENT HARDING  
MEE'S CORRESPONDENTS**  
Washington, March 8.—President Harding instituted a policy of frequent meetings with the White House correspondents today, seeing them after the cabinet meeting for his first formal press conference since inauguration. He said he intended to hold similar conferences at least once and probably twice weekly.

**GIRLS TESTIMONY PUTS  
FATHER IN JAIL**  
Petersburg, Ill., March 8.—Boiler that she would not go to Heaven unless she told the truth, led Lorene Cooper, aged 10, to "tell the truth" at the inquest here today, which ended in a jury verdict holding her father, James Cooper of Pekin, in prison without bail for the stabbing to death yesterday of her mother. The little girl was in bed sleeping with her mother when the stabbing occurred. The little girl's hope of Heaven was declared when the coroner asked her if she knew the nature of an oath.

### NATIONAL BUDGET SYSTEM IS URGED BY NEW SECRETARY

Pleads for Rigid Economy in Government Expenditures

GOVERNMENT PAPER TAKEN BY INVESTORS

(By The Associated Press)  
WASHINGTON, March 8.—Secretary Mellon of the treasury, in his first official statement made public tonight in the form of a letter to bankers, appealed to the people generally to stand for rigid economy in governmental expenditures and urged the immediate establishment of a national budget system.

The new treasury secretary in his letter discussed at length the nation's financial condition declaring that the showing made in the last eight months had been particularly encouraging. There are, however, heavy drains to come on the treasury this month and next, he said, and these require the flotation of more short term certificates of indebtedness, announcement of which he made co-incidental with the letter to the bankers.

"Figures on current operations of the government show that the country's finances are sound but that the situation calls for the utmost economy," Mr. Mellon said. "The heavy requirements of the government on account of necessary expenditures, including interest and sinking fund on the public debt and the maturity of \$7,500,000 in short dated debt in the next two years or thereabouts make it imperative that the greatest care and economy be exercised in matters affecting government expenditures."

**Has Made Ends Meet.**  
The belief was expressed by the new secretary, however, that the first nine months of the fiscal year, or to March 31, would show the treasury had made ends meet with a slight surplus to use against the war debt must necessarily be slow, he said, explaining that the heavy payments to the railroads would seriously hamper previous plans to lower the debt.

The issues of certificates announced will aggregate \$400,000,000 and will bear interest at 5 1/2 per cent, half having a maturity date of one year and the remainder for six months. Both issues will be accepted in payment of income and profits taxes. In announcing these issues, Mr. Mellon said that \$500,000,000 in certificates must be paid off March 15, and that an additional \$118,000,000 a month later. Besides these needs there is to be paid the semi-annual interest on liberty bonds of March 15, a payment of about \$75,000,000. The treasury must make payments to the railroads during March, which Mr. Mellon estimated at \$200,000,000. To partially offset the heavy outgo the regular quarterly payment of income and profits taxes is due March 15, totalling approximately \$500,000,000. This will be used up in retiring certificates due on the same date. Funds obtained from the new issues will become available for caring for other debts of which the railroad payments and the small previous issues of certificates constitute the greatest amount.

Mr. Mellon also observed optimistic signs in the general financial condition throughout the country, noting that each new issue of government paper was being taken more largely by investors.

**NO DANGER OF  
TYPHUS EPIDEMIC**  
NEW YORK, March 8.—There is no immediate danger of a typhus epidemic in this country according to the report of public health committee of the New York Academy of Medicine made public today. The report, however, advocates the strictest measures to shut out typhus-bearing vermin.

The disease occurs each year in New York City in an epidemic or mild form, the report states. Health reports also show that 200,000 school children are found to be infested with vermin each year.

**UNIVERSITY OF MISSOURI  
WILL ISSUE CHALLENGE**  
Chicago, March 8.—The University of Missouri basketball team, winner of the Missouri Valley conference championship, probably will challenge one of the teams tied for the Western Conference title for a post season series of games, it was announced here tonight.

The Missouri five is regarded as one of the strongest teams ever developed in the valley conference.

### SPANISH PREMIER EDUARDO DATO IS VICTIM OF ASSASSIN

Is Shot While Returning to His Home from a Meeting of the Chamber—One of Country's Most Conservative Statesmen—Was Never a Friend of the Working Classes

(By The Associated Press)  
MADRID, March 8.—Premier Dato was assassinated this evening while returning from the chamber in a motor car. He was attacked by several persons who fired a number of shots.

Eduardo Dato was recognized as one of the most conservative of the conservatives in Spain. He was leader of the liberal-conservative party, the strongest political group in both the senate and house of representatives. Never a friend of working classes, and opposed to all reforms, Dato acquired the height of his reputation for sternness in August, 1917, when he suppressed with the utmost energy the workers' movement.

Dato was born in LaCoruna August 12, 1858, and first chosen premier in 1913 and followed this with a second term in 1917. In 1918 he held the portfolio of secretary of state for foreign affairs. Dato was married in his early years and was the father of three children. He had amassed a considerable fortune.

Dato's sympathies throut the war was on the side of the allies. For the United States he is said never to have had any love. He was a monarchist to the tips of his fingers and refused to consider any idea of a Spanish republic.

Recently there had been considerable agitation for the formation of a coalition government in Spain to replace Dato's cabinet.

**PRESIDENT WILL  
SOON BE GIVEN  
TARIFF PROGRAM**  
Leaders Arrange for Conference to Draft Tariff Plan  
MEASURE MAY BE GIVEN PREFERENCE  
(By The Associated Press)  
WASHINGTON, March 7.—Detailed recommendations as to tariff and internal revenue legislation will be submitted to President Harding soon. Arrangements for a conference of Republican leaders to draft a program of tariff and revenue legislation were made today, in accordance with a plan of action agreed upon last night at the White House dinner. Republican members of the senate finance committee will meet with Secretary Mellon and a staff of a half dozen assistants and Chairman Good of the house appropriations committee within a few days.

A new emergency bill for special protection of agricultural interests promises to head the program to be submitted to President Harding, Senator Penrose said today.

"Agricultural interests, particularly those of the West, are very insistent that a tariff bill for their protection be taken up at once," Senator Penrose added.

**Tariff May Have Precedence.**  
Senator Penrose said that the "drift of opinion" was toward recommending that the emergency agricultural tariff bill be given precedence when the new congress convenes.

It is the present intention of the Republican leaders to limit and circumscribe the tariff schedules more closely than was done in the Fordney bill, which President Wilson vetoed last week. Such a bill, Senator Penrose said, could be passed in a very short time if carefully drawn.

Both senate and house committees will begin work soon, probably next week, on the fiscal legislation for the April session. Senator Penrose said his committee would hold supplementary hearings on "high spots"—special subjects in controversy, such as sales and other taxes.

Senator Penrose added that he had been "converted" to the sales taxes theory and was not convinced that it was "either practicable or desirable," but said that he was open to conviction. Considerable of the revenue requirements of the government would bring up soldier bonus legislation, he said.

**GOVERNMENT OWES  
ILLINOIS CENTRAL**  
Washington, March 8.—Certification was forwarded by the interstate commerce commission to the treasury department today that the government owes the Illinois Central railroad company \$2,376,000 under the guaranty provided by the transportation act to cover the period the road was under federal control. The commission stated that it was unable at this time to ascertain the exact amount due the Illinois Central but that it would total at least the sum named.

Oil has been struck on a farm in Kankakee county. Notwithstanding the fact that Gov. Small and other men who have made a great success of agriculture and farming on land in Kankakee county, there is a vast acreage of very poor land there and an oil boom will be a real boon to the county.

A call has been issued by the Republican committee of the 11th district fixing April 28 as the date for holding a judicial convention in Bloomington when three candidates for circuit judge will be nominated. This announcement causes one to wonder whether the committee for this district will in accordance with law announce the convention date.

ville, or that it is not a progressive and satisfying city.

"When you start to knock Jacksonville, think twice before you speak. You are perhaps wrong in the first place—and in the second place, what are you doing or saying for the city's good?"

Doubtless some new light will be shed on peace conference affairs in the book of former Secretary of State Lansing, which is soon to come from the press. The disagreement between former President Wilson and his secretary of state at the conference was a matter of common knowledge, but Mr. Lansing is a man with too keen a sense of the proprieties to criticize his chief when such criticism might prove an embarrassment. Now that the Wilson administration is a matter of history, there can be no impropriety in the Lansing version, and the public will await the book with interest.

It is not surprising that the total vote in the city primary election was but little more than 1109. This light vote cannot justly be taken as a lack of interest in city affairs. There was a contest for but one office, and quite naturally there was not the enthusiasm in the several precincts which would have obtained if there had been numerous opposing candidates. The regular election will be held Tuesday, April 19, just about five weeks hence.

Under the present law under which the city of Jacksonville is operating, it is necessary to hold a primary and a regular election each year. Certainly the local situation gives emphasis to the need there is for election law revision. The old convention system was not perfect, but it represented the wishes of the people just as fairly as the present system and certainly at much less expense to the public.

at much less expense to the public.

GERMANY IS  
ABLE TO PAY.

The Bache Review sheds some interesting light on the question of Germany's attitude with reference to meeting the Allies' demands.

There is little doubt of Germany's ability to pay, in the opinion of those best qualified to judge by personal observation and investigation. The Guaranty Trust Co., has issued a most illuminating pamphlet setting forth Germany's plans to extend foreign trade, and quotes a British Government official who has recently been studying the industrial and commercial conditions in that country, summing up the present position of the Teutons as follows: "Germany is still a perfect industrial machine, running at low speed, it is true, but undamaged as yet in its vital parts, and would respond readily to any stimulus."

The pamphlet has been prepared by Mr. P. Harvey Middleton, assistant manager of the International Trade Department of the Trust Company, and the following is an extract condensed from the pamphlet:

"Thousands of German salesmen are reported to be at work, not only in the former neutral countries, but in all the European and Asiatic countries with which they were at war, offering low prices and long credits, and promising quicker deliveries than their competitors. Buyers from many of the larger nations are now in Germany, placing substantial orders for motor trucks, dye, stoves, toys, iron and steel products, pianos, sewing machines, knit goods and hundreds of other items.

British firms are receiving hundreds of catalogues and letters, attractively written in English, and most of the articles offered for sale are at about half the cost at which they can be obtained in Great Britain.

A British dye-maker states that the Germans are offering a certain dye which is much required in the Bradford trade, at one shilling a pound, which he is unable to produce for less than four shillings a pound. Representatives of German textile houses are in England offering cloth dyed in 500 different shades. British makers state that it is impossible for them to produce cloth for the price asked by the Germans, even after the big fall in the price of Fall wools.

The slowing down of some of Britain's new industries, such as dyes and chemicals, photographic materials and scientific instruments, and in some cases the actual closing of factories as the result of German competition, has brought forth vigorous protests to the Government and appeals for protection.

## THE PERFECT CARS NOW BEING SHOWN

Who is there that does not love luxury, adore beauty, admire grace and enjoy speed? Who is there that does not desire, with all these, absolute reliability?

Let us tell you something of this. In the northwest corner of Zain's Auto Inn this week will be found one of the prettiest displays of automobiles ever seen in this or any other city. There is an array in the arrangement of the cars themselves and in the surrounding decorations which makes more suggestive their intrinsic worth and beauty. We refer to the world famous Studenbaker, five models of which are being shown by Charles M. Strawn, distributor for this territory.

First is the Little Six Sedan, the car which leaves nothing to be desired in point of luxurious comfort. This car sells at \$2,295, delivered.

The Little Six Landau Roadster, an enclosed model, essentially the professional man's car, can be delivered at \$1,795.

The Little Six Touring model, the car for general use and which has no superior at anywhere near its price—only \$1,595 delivered.

The "twenty" special Six, a 5-passenger touring car of exceptional worth and which is making a strong appeal to car buyers in all sections—it is a leader among cars, and but \$1,895, delivered.

And last, the Big Six 7-passenger car, also a leader in big cars wherever shown. This wonder can be had at only \$2,345 delivered.

In keeping with the beauty, grace, luxury and speed of these cars is the mechanical and operating features—nothing has been left undone, nothing left to be desired.

See them this week at the Auto Show and Merchants' Exposition.

**Members of State Street church are urged to attend an important Congregational Meeting tonight, at 7:30 o'clock.**

## PLANS BEING MADE FOR BOAT RACES

NEW YORK, March 8.—Arrangements for the holding of an international motor boat races for the Harnsworth trophy in this country during the coming summer are already under way. The challenge received from the Royal Motor Yacht club of England is the first of several expected in an effort to regain the trophy won from British motor boats by Gar Wood of Detroit off the Isle of Wight last August.

Commodore Judson stated today that the Motor Boat Club of America is empowered to make all arrangements and to select the course for the race. He is in favor of holding the races on Lake St. Clair, if the Detroit club wishes to hold them there, because Detroit yachtsmen brought the cup back to this country.

## RETAIL MUSIC ROLL ASSOCIATION DISSOLVED

NEW YORK, March 8.—The retail music roll dealers' association of Philadelphia was dissolved today by Federal Judge John W. Peck, who signed the final decree in the government's Sherman law suit against the concern and its officers.

The decree forbids engaging in any combination or conspiracy the effect of which would be to restrain or monopolize interstate trade and commerce in music rolls. They are further enjoined from fixing or advancing prices or establishing or maintaining among themselves conditions or policies which should obtain with respect to the sale of music rolls.

## R. E. EMPLOYEES AND BOSSES DISCUSS WAGES

Detroit, Mich., March 8.—The first of a series of meetings of officials of the Michigan Central railroad and employee representatives, at which wage readjustments are to be discussed, was held here today, calls for common labor were taken up today. Subsequent meetings will deal with skilled labor.

Similar conferences have been called by Grand Trunk officials for Thursday.

## ARGUE FOR DEEP SEA WATERWAY

Toronto, March 8.—Arguments for making a deep sea waterway out of the St. Lawrence river were advanced by speakers today before a convention sponsored by the National Waterways association of Canada.

"We have spent \$14,000,000 on the Toronto harbor and will spend another \$14,000,000," said Controller Gibbons, "but we certainly will never need a \$28,000,000 harbor if eventually we do not have a deep waterway to the sea."

## OLD JACKSONVILLE

THE "MORGAN JOURNAL"

By Ensley Moore

(Member Illinois State Historical Society)

In the year 1855, Clayton & Selby were publishing the "Morgan Journal," a Whig newspaper here. The office was over what is now Frank Byrns store at the South West corner of the Public Square.

Mr. Clayton's initials were A. C. and Mr. Selby's name was Paul; both were well known here for years, and Mr. Selby all over the State.

The "Morgan Journal" was the predecessor of the present "Jacksonville Journal" the name having been changed in 1858 by the owner, Hon. Wm. H. Collins, last of Quincy.

One of the most important issues of the old paper was that of July 19, 1855. Among other matters it contained quite a full account of the celebration of the 25th anniversary of Illinois College, which was one of the great occasions Jacksonville had, or has, had.

The Noyes'

Another feature was an obituary notice of Mrs. Jacob Noyes, of Perry, Pike county. This was especially notable at that time because she was the mother of George C. Noyes, who was graduated that year, at Illinois College. Commencement was held that year on Thursday, July 12th., and Mrs. Noyes had died on July 11th., preceding. These two events made that season and year one of more than usual interest to the Noyes family.

The family home was on "South Prairie," four or five miles west of Perry, and there the good woman breathed her last.

The obituary notice read as follows:

"At Perry, Illinois, on Sabbath evening, July 8th., Mrs. Betsey C. Noyes, wife of Jacob Noyes, Esq., aged 64 years and 10 months.

Mrs. Noyes was a native of Grafton county, New Hampshire.

In the spring of 1847, she, with her husband and family, emigrated to Pike county, in this state, where she resided up to the time of her death. In very early life she became a Christian; and from that time to her death, her life was as the "shining light," preceding. These two events made that season and year one of more than usual interest to the Noyes family.

Her illness was long and painful. She was confined to her room for nearly a year; but she never murmured. The keenest sufferings were to her the promise of a glorious immortal deliverance. Her death was peaceful, as her life had been pure. The Sabbath which began alike for her and to those whom she leaves in sorrow, for her shall have no end.

## KNIGHTS WILL PLAY BLUFFS INDEPENDENTS

Fast Scott County Team Here This Evening—Game Will Be Called at 8:30 o'clock.

Bluffs fast independent team will clash with the Knights of Columbus five in Liberty hall at 8:30 o'clock this evening. The contest probably will be refereed by Coach Harmon of Illinois College.

Bluffs has not played many games this year but has one of the fastest teams in this section. In its lineup are several men who played on the Bluffs high school team last year, the runnersup in the district tournament held here.

The Knights have been going thru their practice stunts daily "varin" to go. The team will and are in good condition and line-up as follows: Zell and Carson, forwards; Costello, center; Clancy and Wolfe, guards.

"We know thou hast gone where thy forehead is starred With the beauty that dwells in thy soul."

Where the light of thy loveliness cannot be marred, Nor thy heart be flung back from its goal."

Chicago, Michigan and New Hampshire papers please copy.

The publication of this in a Jacksonville paper was proper because here dwelt Mr. and Mrs. Zalmom Carter and family, one of whose daughters married Mr. Clement Noyes, one of Mrs. Noyes' sons. They were the parents of

Dr. Frederick C. Noyes.

now resident here for several years, and Mr. Zalmom Carter was a cousin of Mr. Ebenezer Carter, father of W. Chauncey Carter, Mrs. Woodward and the first Mrs. James C. Fairbank.

The Rev. George C. Noyes was another son of Mrs. Jacob Noyes, and he was well known here as a student and graduate of Illinois College, and because of his marriage, in August, 1858, to Miss Eliza Ellen Smith, daughter of Mr. and Mrs. David A. Smith, of this city.

Soon after his marriage, Mr. Noyes received a call from the N. S. Presbyterian church in LaPorte, Ind., where he remained many years; and then, after some years as pastor of the First Presbyterian church, of Evanston, Illinois, he passed to his reward. He was a graduate of Union Theological Seminary, New York; received the degree of D. D., and was a noted man in his denomination.

Robt. Clement Noyes, who married Miss Carter spent some of his life as a farmer, and some of it as a school teacher. He lived in the neighborhood of Concord, this county, during some of the latter years of his life, which was a long one.

As stated above, he was the father of Dr. F. C. Noyes, now of Jacksonville.

Misses Amanda and Emily Noyes were two other children of Mrs. Jacob Noyes, who were well known in this community. They were both teachers, and fine women. One of them, Miss Emily, taught in Jacksonville Female Academy for some time.

Mr. Jacob Noyes died about 1858 or 60.

Thus briefly is mention made of this family, well known in Illinois in religious and educational upbuilding.

From his earliest childhood, then a resident in Perry, the writer knew some of the Noyes family well.

## TRIAL OF CLARA SMITH HAMON WILL BEGIN THURSDAY

Attorneys on Both Sides Are Preparing for Hard Fight

### PROSECUTION EXPECTS TRIAL TO BE SHORT

ARDMORE, Okla., March 8.—Legal lines began to form tonight for the battle to begin Thursday to determine the future status of Clara Smith Hamon, charged with murder in connection with the death of Jake L. Hamon, oil man and politician.

S. P. Freeling, state's attorney general who is in charge of the prosecution arrived today and tonight conferred with H. H. Brown, special prosecutor, and brother of Russell Brown, who as county attorney filed information against Clara Smith Hamon, charging murder of Jake L. Hamon.

Walter Scott of the Fort Worth, Texas, firm of lawyers retained before Clara Smith's surrender at El Paso after a nation-wide search for her following the death of Hamon arrived in Ardmore today. James H. Mathers and Charles A. Coakley other members of the defense counsel with Joe Ben Champion, twin brother of Judge Thomas W. Champion, who will preside at the trial are already in Ardmore where they live.

Mr. Freeling said tonight that he would do all possible to speed up the trial and that it would be as short as he possibly could make it. He would not, however, hazard an estimate as to the length of time it would take.

Regarding "Ropes" O'Brien, a well known Chicago criminal lawyer reported to be retained by Mrs. Jake L. Hamon, widow of the dead oil magnate, Freeling stated that nothing had been said to him about the part O'Brien would play in the trial.

Freeling would not say whether O'Brien would be assigned any active part in the trial altho it was reported here that O'Brien would arrive tomorrow.

Judge Champion tomorrow morning will go to Marietta, Okla., to open the March session of the Love county court. The two hundred and ten pound judge tonight was undecided whether to fly in an airplane tomorrow or to motor there and back.

## TRIPS OF BOTH COUNTRIES WITHDRAW

Balboa, Panama, March 8.—(By The Associated Press.)—Pursuant to the suggestion of the United States government the Costa Rican forces which recently have been operating against the Panamanians have retired to the left side of the Siquila river on the Atlantic side of the Isthmus. In Ducas del Toro province while the Panama government has promised to withdraw its armed forces from the region of Coto on the Pacific side leaving the civil authorities in charge.

Thus the situation will return to the status before the invasion of the Costa Ricans into the disputed territory and make way for arbitration.

## NEBRASKA WANTS TO PLAY MISSOURI U.

Lincoln, Neb., March 8.—Coach Paul Schisler of the University of Nebraska basketball team said tonight before leaving for Des Moines that he would communicate with athletic authorities of the University of Missouri looking to a post-season series of games between the two schools. Both Nebraska and Missouri went through the basketball season with but a single Missouri Valley Conference defeat but the Missouri school having a longer schedule won several more games than did Nebraska.

## CENTENARY SERVICES LARGELY ATTENDED

Series of Forceful Sermons Presented by Rev. D. V. Gowdy—Special Music Is Inspiring.

Interest in the Centenary revival continues in an increasing way. There was a large audience last night, and when the invitation was given by Rev. D. V. Gowdy five persons responded. This makes a total of 60 conversions since the beginning of the meetings, which are now entering upon their third week. The pastor is being assisted by Rev. D. C. Linton, who is in charge of the music. The chorus work is a most inspiring feature, and Mr. Linton is proving himself an excellent leader.

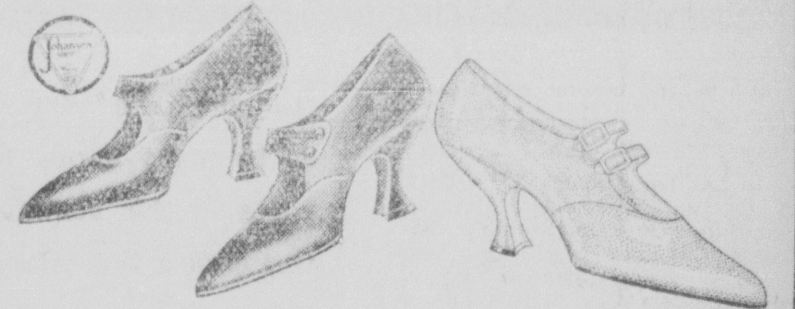

Mr. Gowdy's theme last night was "Paul's Appeal to Felix," and a very strong sermon was built upon this dramatic incident in New Testament history. While the pastor has not announced most of his themes in advance, it is his intention tonight to discuss "Why Halt Ye Between Two Opinions?" The large auditorium at Centenary church is filled nightly, the congregation being made up of representatives of various denominations, together with many men and women who are not in the habit of church attendance.

## CORN CHOWDER MADE FROM SALTED OR FERMENTED CORN

Same fermented and salted vegetables, like cucumbers, are eaten raw; others, like cabbage (sauerkraut), are usually cooked. In general the fermented and salted products may be prepared for the table in much the same manner as the fresh vegetables, except that before being cooked they should be soaked in fresh water for several hours or longer, if necessary, to remove the salt, the water being changed several times. In some cases it may be necessary also to change the water once or twice during the boiling of salted vegetables. In this one should be guided by taste.

To prepare the fermented or salted corn for the table, rinse it thoroughly and soak for four or five hours, changing the water frequently. In general it will be found more satisfactory to remove practically all the acid flavor from the fermented corn. After soaking, place the corn in cold water and bring to boil, pour off the water, add fresh cold water, bring

to boil again, and cook until tender. The cooked salted or fermented corn may be used in many ways. The following recipe for corn chowder is recommended by household specialists of the United States Department of Agriculture:

**Corn Chowder**  
¾ pound cold beef, or  
¾ pound salt pork or bacon.  
2 potatoes.  
1 onion.  
½ green pepper.  
1½ cups cooked corn, or more.  
1 cup tomatoes.  
3 tablespoons flour.  
1 cup milk or cream.  
1 teaspoon salt.

¼ teaspoon pepper.  
Cut the beef or pork into cubes; cover well with water. Add tomato, and cook slowly for about two hours. Then add the potato, onion, pepper, corn, and seasonings. Cook until the vegetables are tender. Mix the flour with a little cold water, add to the other ingredients, and cook slowly for 5 or 10 minutes. Add the milk or cream. Serve hot.

GERMAN CHANCELLOR  
SAYS ALLIES COURSE  
IS ACT OF VIOLENCE

Asks Germans to Show Fortitude in Their Predicament

LEAVE RESPONSIBILITY  
TO HISTORY MAKING

BERLIN, March 8.—Chancellor Fehrenbach at the reassembling of the Reichstag today announced the breaking off of negotiations at London.

He said: "The allies have already begun to put the penalties into effect. This in plain German means an act of violence for penalties have nothing to do with the usual principles of right. The conditions imposed upon us are to be secured by force. The rupture cannot be disguised or justified by legal deceptions."

The open discussion of the question cannot begin. It was announced in the return to Berlin of Dr. Simons the foreign minister.

Allies Admit the Impossible. Chancellor Fehrenbach declares the allies admitted the impossible was expected of Germany in the Paris decisions. Neither sentiment, European relationships, nor liquidation of the war was possible owing to the allied course of action.

"If they persist in this course" he said, "the evil can only be enhanced by it. The allies are only creating fresh embarrassments for themselves."

The chancellor said that force must be replaced by honest intent for world brotherhood and good will. He declared Germany had never detained to take upon herself the consequences inseparable from defeat.

"We must show now the height of our fortitude, the extent of our patience and endurance," he added. "I have every confidence in the German people to do that."

He was ready to leave the war responsibility to the verdict of history.

"I am of the opinion that history will have a verdict to pronounce not only on the guilt for the war but also on the dictates of Versailles."

HEARING BEING HAD  
ON ELECTION COUTESTS

SPRINGFIELD, Ill., March 8.—Hearing on contests in two Chicago districts the 19th and 21st, over seats in the house of representatives was continued today by the house elections committee until March 15 after the contest in the third district was thrown out when the contestant, Morris Lewis failed to appear. Both other hearings were started today. Morris Lewis failed to appear. Both the other hearings were started today. The case in the 19th district where James T. Prendergast, Democrat is contesting, was set over to allow both sides to present all their evidence next Tuesday. A petition by counsel from W. H. Maher, sitting member for the 21st district to dismiss the contest of Benjamin M. Mitchell was referred to a sub-committee to report on the same day.

ELEVEN TEAMS ARE  
LEFT IN SIX DAY RACE

New York, March 8.—Eleven teams were left in the spring six day race in Madison Square Garden at 10 o'clock tonight with the two leading teams still retaining their one lap advantage. The Egg-VanKempen pair had a point score of 340 as compared with 246 for the Rutt-Lorenz pair. The two teams had covered the 46th hour of the race 846 miles and five laps. The record for the hour is 970 miles and five laps. The record for the hour is 970 miles and five laps made by Lawson and Drobach in 1914.

FOR BASEBALL CROOKS

PORT HURON, March 8.—In a communication sent to George H. Maines, president of the Michigan-Ontario Baseball League, Judge K. M. Landis, commissioner of organized baseball let it be known that he was going to do all in his power to make life unpleasant for the baseball crook and gambler.

He said, "while the criminal classes have sought to put money in their purses by their attempted association with a great national institution, the baseball crook and gambler, this goes for the crooks inside and the crooks outside. We may not get them all in the penitentiary but they will be kept out of the baseball diamond and out of baseball parks. All the energy and property of organized baseball are pledged to the war on professional gambling and the tin horn gambler, the shoe string gambler and all other gamblers."

GENERAL WOOD TO  
BE NOMINATED AS  
PROVOST OF U. P.

Trustees of University Will Nominate Him at Next Meeting

SPENT SEVERAL HOURS  
DISCUSSING MATTER

PHILADELPHIA, March 8.—Major General Leonard Wood will be nominated as provost of the University of Pennsylvania at the next meeting of the board of trustees, to be held March 21.

This announcement was made tonight by Effingham B. Morris, a member of the board, following an informal meeting of trustees, at which the general was present. Mr. Morris said that he believed General Wood was "inclined to accept" the nomination. The announcement was confirmed by Charles Custis Harrison, dean of the trustees, and himself a former proxy. Dr. Harrison said:

"General Wood's name will be placed in nomination at the next meeting of the board of trustees, March 21. Under the regulations governing the election of a new provost a month must elapse between nomination and election. General Wood, therefore, could not be elected before the April meeting."

General Wood spent three hours today discussing the provostship, which, it is said, will carry a salary of \$25,000 a year. With seven of the twenty-three trustees of the university. Upon his arrival he said he would be "delighted to become head of the institution," but declined to state definitely whether he would become the university's director.

At the conclusion of the conference, General Wood left for New York, to make preparations for leaving for the Philippines on March 25, where he will make a government survey for President Harding.

HUSBAND OF DANVILLE  
FASTER GETS IN TROUBLE

DANVILLE, Ill., March 8.—Ernest H. Harrington, whose wife claims to have abstained from food forty-seven days in vain attempt to convert him to her religion, was today arrested on a charge of assaulting Dr. J. R. Hundley with a bottle. The trouble grew out of an encounter between the commission's man's automobile while they were entering the city last night. Harrington claims he stepped on the running board of the doctor's car and remonstrated with him for alleged blocking of the road, when the doctor kicked him in the face and he retaliated with his fists. He denies having used a bottle as charged by the physician.

GREAT BRITAIN'S  
CONTRIBUTION OF TROOPS

London, March 8.—Great Britain's contribution to the occupational forces along the Rhine for the present is to be confined to cavalry, tanks and a small flotilla of boats in addition to a small complement of soldiers. It is officially announced that no troops will be sent from England to the Rhine.

SOCIALISTS IN  
DISCUSSION OF  
PARTY AFFAIRS

Report to Be Published in Official Agenda of Next Convention

SUPPORTS ORGANIZED  
LABOR IN FIGHT

NEW YORK, March 8.—Subjects relevant to the future of the Socialist party were discussed by its natural executive committee meeting today, and were embodied in a report to be published as the official agenda of the next national convention in Detroit beginning June 25.

A statement issued by the committee declared the important matter of the preliminary order of business were "four alternative definitions of political action and a motion to replace the prohibition against voting military appropriations in the party's constitution."

The committee also pledged the party and its members to hearty support of the organized working class in its struggle against the nation-wide attempt to destroy the labor unions.

"In addition to the agenda," the statement continued, "the committee adopted vigorous resolutions bitterly protesting against the Ford anti-Communist campaign, the Klu-Klux anti-negro campaign and the anti-Japanese campaign as moves intended to incite race hatred and to divide the workers into mutually hostile camps. "The 'open shop' drive is mass action on the part of the capitalist class to abolish the last vestige of control by the workers over shop conditions and render the workers completely dependent upon the whim of the exploiting classes," the statement said.

STREET FIGHTING  
TAKING PLACE IN  
CITY OF PETROGRAD

Reported That Revolutionary Leader is Preparing to March

FINNISH TROOPS  
MASSING ON FRONTIER

London, March 8.—The Petrograd workmen are revolting against forced mobilization and have attacked the soviet troops, says a Helsingfors dispatch to the London Times. The soviet after street fighting took possession of the greater part of the city. The revolutionary leader Klovosky is completely victorious in the despatch adds the artillery having silenced the minor forts and is preparing to march on Petrograd.

Reuter's Helsingfors correspondent says it is reliably reported that Bolshevik infantry attacked Kronstadt this morning but were repulsed with heavy losses. The bombardment continued through the morning. The gun flashes of the Systerbak batteries shelling Kronstadt were plainly visible at Terioki during the night. Finnish troops are massing on the frontier.

The Krasnoya Gorko fortress is directing its fire against the Moscow-Petrograd railway line, says a despatch to the Central News from Helsingfors.

## BEARDSTOWN

Beardstown, Mar. 8.—Death claimed one of Beardstown's most respected and esteemed citizens when Thomas Wardall Bradman, 412 East Fifth street, died at 12:30 o'clock Monday, March 7, at the age of 71 years, 3 months and 4 days.

Mr. Bradman had been in ill health for more than a year and his last illness has extended over a period of several months. During his long suffering he was very patient and considerate.

Mr. Bradman was one of the oldest citizens of the city and one of the oldest employes in the Beardstown shops of the Burlington railroad, where he has labored for many years. He had been a member of the Congregational church choir since 1872, nearly 50 years, and was always active in all departments of church work.

He served for some years as a member of the Beardstown fire department and was one of its oldest members. He took great interest in this work. He was also the oldest member of the Odd Fellow Lodge of this city. Thus, in laboring and social life he has through his kind and courteous way won the esteem and love of many friends who will miss him in all walks of life.

Funeral services will be held Tuesday afternoon at 2:30 o'clock from the Congregational church, conducted by Rev. A. E. Beddoes. Interment will be in the City cemetery.

Woman's Club Meets. The musical department of the Beardstown Woman's club will hold their meeting Tuesday afternoon at the usual hour in the Elks club rooms. The following interesting program will be given:

Sketch, Theodore Thomas—Mrs. R. H. Garm.  
Vocal duet, selected—Mrs. John C. Garm and Mrs. W. D. Pence.  
Vocal solo—Mrs. H. W. Welch.  
Piano solo—Mrs. M. J. Musser.  
Vocal solo—Mrs. C. C. Schaefer.  
Vocal duet—Miss Ruth Dieterich and Mrs. Harry Anderson.  
Piano trio—Mrs. F. J. Kuhl, Mrs. C. J. White, Mrs. R. B. Glenn.

PIKE COUNTY WOMAN  
NOW U. OF I. TRUSTEE

CHAMPAIGN, Ill., March 8.—The board of trustees of the University of Illinois today accepted the resignation of Professor Stephen A. Forbes, professor of entomology and chief of the national history survey. He was made a professor of emeritus by the board. Professor Forbes had been a member of the faculty since 1884.

The following officers were chosen for the year:

H. E. Cunningham, re-elected secretary; A. M. Burke, Champaign, treasurer. President David Kinley was re-elected president of the university for a term of two years.

Two new members, Mrs. Helen M. Grigsby, Pittsfield, and Dr. William L. Noble, Evanston, were installed on the board.

BALTIC FLEET ASSISTS  
IN BOMBARDMENT

London, March 8.—Eight ships of the Baltic fleet participated in the bombardment of a Petrograd station, says a Riga dispatch to the London Times. The whole garrison at Oranienbaum, consisting of five regiments, deserted to the revolutionaries. The Bolsheviks have sent agitators to Kronstadt with gold to try to check the revolt.

### LIGHT VOTE CAST IN CITY PRIMARY

### MAYOR CRABTREE RENOMIN WITHOUT OPPOSITION

Most Interest Shown in Contest Between Candidates for Republican Nomination for Treasurer—H. K. Chenoweth Won By Large Majority—No Sharp Aldermanic Race.

The city primary election, in preparation for the regular election Tuesday, April 19th, was held yesterday and the vote, as expected, was light, because there were practically no contests. The highest vote cast was that for Mayor E. E. Crabtree, who had no opposition. The total vote cast for him was 1,040.

The only contested nomination of the day was that for city treasurer on the Republican ticket, H. K. Chenoweth winning this nomination by a vote of 907. The total vote cast for Mrs. Edith C. Miller, his opponent, was 268.

Miss Genevieve Mount becomes the Republican nominee for city clerk, the vote cast for her being 873. The Democratic nominee is Jewell E. Scott, who received a vote of 138. As there were very few Democrats running, the party vote was exceedingly light.

In the First ward, Michael McGinnis, Democratic candidate for alderman, was unopposed, and Frank Ferreira becomes Republican candidate for alderman in that ward, his name having been written in by 46 persons. In the same ward W. E. Fisher received four votes for alderman and a like number was cast for H. C. White. In the Second ward, R. Y. Rowe is easily the winner for the Republican nomination, with a vote of 299, as against 35 cast for Charles DeSilva, who was an eleventh hour candidate.

In the Third ward, George A. Moore, Republican candidate for alderman, and Edward Loneragan, Democratic candidate for alderman, were unopposed.

In the Fourth ward, Charles F. Ehnie is the Republican nominee. A considerable vote was cast in that ward for Rev. J. W. Muse, especially in his home precinct—No. 12. His name was not on the ballot, but in that precinct 44 persons wrote in his name. As in all primary elections, there were scattering votes for dead candidates for the several offices.

### PRICE FIXING DECLARED ILLEGAL BY FEDERAL JUDGE

New York, March 8.—Prices fixed by the government in commandeering goods during war, or at any other time, are illegal unless just compensation is rendered. Federal Judge Mayer ruled here today in the suit of the National City Bank against the United States government. The bank which had issued a letter of credit on 10,000 bags of coffee was in possession of it when the seizure was made by federal authorities. The decision automatically raised the price on the coffee approximately five cents a pound. The figure set by the government at the time of the seizure was at the basic rate of 15.29 cents a pound, but under the ruling of the court this valuation was augmented to twenty and twenty and one half cents a pound, after grading the shipment. Judge Mayer overruled the contention of the government that the seizure of the coffee was legally made under the provisions of the Lever act.

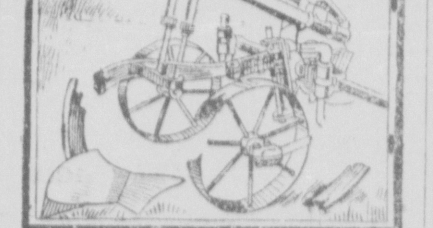

### OCCUPATION OCCURRED WITHOUT INCIDENT

London, March 8.—(By The A. P.)—Dispatches received by the French delegation from Gen. Degoutte, commander of the French forces occupying Germany late this evening declare that the occupation of the Rhine cities has occurred without incident.

The collection of customs probably will be delayed for two or three days. All collections, as well as all levies on imports will be kept in a common fund from which payments will be allotted by the reparations commission to the several allies according to percentages.

M. Briand, the French premier will remain here for a renewal of the supreme council's consideration of the Near Eastern question. The council will meet tomorrow. M. Gournaris, the Greek war minister arrived in London tonight from Athens to attend the council.

## WHITE HALL HIGH HAS STRONG TEAM

Record of Eight Straight Victories in Closing Days of Schedule—Will Play Auburn Thursday Evening

White Hall, March 7.—The White Hall High School Basketball five will go to the Jacksonville tournament this year with a good season's record. The team has won 12 games of its 18 game schedule and closed the season with a record of eight consecutive victories.

The entire first and second teams have been practicing hard the last two weeks, getting into trim for the tourney. White Hall will meet Auburn in the third game Thursday night.

There is but one new man on the team this year, and White Hall has as good a team now as they had last year. Hubbs, who played at the pivot position last season, has graduated, and his place was taken by Goode, who played running guard last season. Search, who was a first team substitute throughout last season, has taken Goode's place as running guard.

The probable line-up which will be started against Auburn Thursday night follows: Frame, right forward; Eoyd, left forward; Goode, center; Search, left guard; Greer, right guard.

The high school will be dismissed Thursday at noon, in order to give all students an opportunity of attending the tournament without missing out on school work. There probably will be more than 100 students and fans accompany the team to Jacksonville.

Altho White Hall was not quite as lucky in their drawings as some of the other schools, it is believed the team will make a splendid showing.

Members of State Street church are urged to attend an important Congregational Meeting tonight, at 7:30 o'clock.

### GREENE COUNTY ANNUAL HIGH SCHOOL MEET MAY 12

White Hall, March 5.—At a meeting of the executive board of the Greene County High School association, held here last Saturday, it was decided to hold the annual meeting May 12. The county association which conducts both literary and athletic contests, is an old organization of the four high schools in the county, White Hall, Carrollton, Greenfield and Roodhouse. The meet will be held at White Hall this year, where preparations are now being made by Superintendent R. G. Smith, president of the board, for the biggest contest in the history of the association.

### GOOD JUDGMENT AFTER EATING

Giving the Stomach the Alkaline Effect by a Stuart's Dyspepsia Tablet is Worth Remembering.

You cannot, as a rule, say in advance that this, that or the other food will cause indigestion. Experience has taught most people

that even mince pie fits snugly at times while at others a glass of milk raises hobs with the stomach. One good rule to follow is the preventative measure of taking one or two Stuart's Dyspepsia Tablets after meals. You thus avoid gasiness, sour stomach, heartburn and such distresses due to indigestion or dyspepsia. These tablets also help to digest the food by giving the stomach the alkaline effect to offset acidity; they relieve the distress when the mince pie or milk should be more than a match for your digestive powers. Get a 60-cent box of Stuart's Dyspepsia Tablets at any drug store and note how nicely they seem to calm the stomach when it feels all upset.—Adv.

### PATTERN CASE HEARD BY MASTER IN CHANCERY

In the circuit court yesterday an injunction suit was filed by the Butterick Publishing Co. against Rabjohns & Reid and during the day a hearing was held before Master in Chancery Henry English. M. Cline of the Chicago law firm of West & Eckhart, was here to represent the Butterick people and the local firm has as its attorneys Wilson & Butler.

It is the claim of the Butterick people that they have a contract with Rabjohns & Reid which makes it improper for them to sell any other patterns than those published by the Butterick Co.

## NEW BERLIN FIVE HAS GOOD RECORD

Sangamon County Team Scores Many Points During Season—Wins Fifteen, Loses Three and Ties One.

The New Berlin Township High School basketball five, which is entered in the district tournament here this week, has made an excellent record for the season.

The five has played nineteen games during the season. Of these fifteen have been won, three lost and one tied. The tie game was with Jacksonville high, when New Berlin had to leave the floor to catch a train for home.

The team has scored 572 points to its opponents' 206. Of this number Breeding, forward, has scored 234. We was selected for the all-star team in the tournament held at Athens February 3, 4 and 5.

The individual scores made by the other members of the team are: Beers, forward, 174; Roesch, center, 72; Lawrence, guard, 36; Sullivan, guard, 12. The substitutes scored 44 points. Judging from this record the New Berlin team should cut some figure in the tournament.

### Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less. Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes. Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## STATE CARES FOR MANY WORLD WAR VETERANS

290 World War Veterans Suffering From Mental Disorders Now Cared for by State of Illinois in Statement of Col. Whipp Before Woman's Club.

CHICAGO, March 8.—The state of Illinois is caring for 290 world war veterans suffering from mental disorders. Col. Frank Whipp, of the State Department of Public Welfare, told the Woman's City Club here today. These veterans are in eight state hospitals, he said, and constitute approximately 5 1-2 per cent of the 5,400 cared for in all the hospitals in the country.

The federal government, Col. Whipp reported, has contracted to pay the state approximately \$63,000 per annum, or \$25 a month for the care and maintenance of 210 patients, besides agreeing to deposit with the hospital authorities approximately \$20 a month for each of these veterans to cover extra comforts.

Eighty mental cases are being handled by the state by county commitment. At two of the hospitals the federal government has provided twelve vocational teachers and occupational therapists for the purpose of instructing the patients.

Turning to the state institutions Col. Whipp reported that Illinois state charitable and penal institutions have a total population of 27,050. Of this number 17,500, or 64 per cent are insane; 5,000, or 18 per cent are in prisons and reformatories; 2,000, or

7 per cent, are feeble minded, and 13,000, or 11 per cent, are in other institutions.

Of the total population of state institutions, 12,000, or 44 per cent came from Chicago and Cook county. Of this number 8,600 are insane, 1,000 feeble minded, 2,000 in the prisons and reformatories and 400 in other institutions. In the past year, from February 1, 1920, to February 1, 1921, the insane population in Illinois state institutions increased 340 or at the rate of about 2 per cent, Col. Whipp said.

The number in the prisons and reformatories on the other hand decreased 44, or slightly less than 1 per cent. This indicated, he said, that there had been no material change in the prison population of the state.

During the war period the state's insane population decreased, Col. Whipp added. This was due to deaths from influenza, stopping of immigration, restrictions placed on the liquor traffic and also, he said, by soldiers leaving for military service in Europe.

From indications, however, Col. Whipp said, that after the present industrial problems have been solved, the increases of insanity in the future would be probably come back to the normal rate which is about 3 1-2, or 4 per cent of the annual population of the state hospitals. Improved social conditions, he predicted, would probably lessen this rate of increase.

### COURTS DECIDE LEGAL DIFFERENCE IN TRADEMARKS

Washington, March 8.—A legal difference between a "registered trademark" and a simple "trade mark" was brought out in the Supreme Court decision recently in the suit of the Stark Brothers Nurseries and Orchards Company, of Louisiana, Mo., for damages against the William P. Stark Nurseries, of Stark City, Mo.

When the decision was handed down it was announced that the Stark Brothers' Nurseries Company had lost this suit. The statement was correct, but the inference placed upon a brief report of the decision was misleading. The Stark Brothers' Nurseries Company had won in the United States Circuit Court of Appeals a suit for damages against the William P. Stark Nurseries, and also an injunction restraining the latter from using the family name for a trade mark. This Circuit Court decision limited the damages to begin from the time when notice of registration of the trade mark was served.

Upon this limitation only the Stark Brothers' Nurseries Company appealed to the Supreme Court. It was this appeal against limiting the damages that the Supreme Court denied. In its decision, the Supreme Court said:

"The infringement that is sued for is an infringement of a registered trademark, not infringement of a trade mark."

The court said that the plaintiff had rights in the trade mark prior to the date of its registration, but that those rights were not involved under the statute under which the appeal to the Supreme Court was made.

The Stark family nurseries was operated by three brothers after the death of their father, the founder, in 1880, until 1901, when the youngest brother, William P. Stark, withdrew and formed the rival company that was defendant in this suit.

### WILL PRESENT

Manila, P. I., March 8.—A plate of gold is to be presented to Francis Burton Harrison, governor general of the Philippine Islands, by members of the Philippine senate, as an appreciation of the cordial relation which have existed between the upper house of the legislature and the governor general during his eight years' service as chief executive. The gift is to be presented to the governor just prior to his departure for the United States, on March 27. The plate is to be made of pure Philippine Island gold and is to cost approximately \$3,000. The Filipino flag will be inscribed on the plate, as well as the names of the senators making the gift, and a brief testimony of the regard in which the retiring governor general is held by the members.

## WINCHESTER FUNERAL LARGELY ATTENDED

Late Ivan Smithson Laid to Rest Tuesday With Impressive Services—Revival Opens in Methodist Church—Other Winchester News.

Winchester, March 8.—Funeral services for the late Ivan Smithson were held Tuesday afternoon at the Methodist church. The large auditorium and gallery were filled with relatives and friends of the deceased, showing the high regard in which he was held in the community. A quartet composed of Mrs. Thomas Smithson, Miss Susie O'Donnell, Rev. J. A. Betcher and Charles Clark sang "Beautiful Isle." The Scripture reading was by Rev. Carl Corrie, then the quartet sang "Jesus Savior Pilot Me." Rev. W. R. Johnson offered a fervent prayer and then read an obituary sketch of the deceased. Then Mrs. Thomas Smithson sang as a solo, "The City Four Square."

A very impressive sermon was delivered by Rev. Mr. Johnson and the service closed with a solo, "The Home of the Soul," by Rev. Mr. Betcher.

There were many beautiful flowers and they were in charge of Mrs. Glenn Peak, Mrs. Dana Hamilton, Mrs. Albert Hamilton, Misses Hazel Doyle, Bessie Smithson, Clara Dawson, Mary Hamilton, Dona Little, Mabel Hamilton and Lucille Hamilton.

Interment was in Winchester cemetery, the bearers being Thomas Smithson, Albert Hamilton, Keith Peak, Dana O'Donnell, Cordell Moore, Ernest Smithson.

George Claywell and William Wells left Tuesday afternoon for Hot Springs.

Charles Hieronymous, wife and daughter, Miss Verna, arrived Sunday afternoon from Beardstown for a short visit with Charles Hieronymous, Sr., and family. They left yesterday for a short visit in St. Louis.

There will be an entertainment and pie social in Sugar Grove school house Friday evening, Miss Edna Groce is the teacher of this school.

Miss Lulu Hamilton of Peoria is visiting her sister, Mrs. Ella Ross and other relatives.

Revival meetings opened in the Methodist church Monday evening. Rev. Carl Corrie will deliver the sermons and Rev. J. A. Betcher will assist him in the song service.

Carl Christian has moved to the farm home of Mrs. H. C. Taylor.

Mrs. Henry Herring returned Tuesday from a visit with her daughter, Mrs. Albert Potter, of Lynville precinct.

Mr. and Mrs. Warren Kelly, Misses Doll and Jess McLaughlin left Sunday afternoon for St. Louis and while there witnessed the Ziegfeld Follies.

### ALIENIST EXAMINED MAN WHO KILLED WIFE

Dr. A. H. Dollear in Petersburg to Pass on Mental Condition of James Cooper.

James Cooper, who stabbed his wife to death at the home of her mother in Petersburg Sunday, is in jail following the recommendation of the coroner's jury. The circumstances surrounding the killing were such that a report of the alienist shows that he found Cooper practically normal. Cooper, who is a broom manufacturer of Pekin, had come with his two sons to visit his wife, who was ill at the home of her mother following an operation for appendicitis.

At an early hour Sunday morning the man went to his wife's room and asked her when she expected to return to Pekin. She replied that she did not know when she would be able to make the trip, and a moment later he drew a knife from his pocket and stabbed her thru the breast and death was almost instantaneous.

A brother-in-law who sought to assist the sick woman was also attacked and is in a Springfield hospital. Relatives are unable to assign a motive and Cooper declares that he was in a daze at the time of the stabbing and that he does not recall any of the circumstances.

### Deaths

#### Perbix

George Perbix died at the home of his daughter, Mrs. Otis Brockhouse, three miles north of Chapin, Tuesday at 12:30 o'clock.

He was born in Germany, May 12, 1830 and came to America in 1848. He was married in 1858, his wife preceeding him in death August 6, 1907. To this union nine children were born, all of whom are living with the exception of one son, George, who died in 1907.

They are: Mrs. Henry Bechoff, Mrs. J. H. Eilers, Mrs. Charles Aufenkamp, Mrs. Charles Over-tate, Henry and William Perbix, who reside near Chapin, and Lewis Perbix near Marikham. Also twenty-three grand children and six great grand children. He was a member of the St. Paul Lutheran church of Chapin.

The funeral will be held Thursday at the home at 11 o'clock, interment in Concord cemetery.

#### Ortman.

Charles Fredrick Ortman of Helena, Oklahoma died at Passavant hospital at 12:30 o'clock Tuesday morning.

Decedent was born in Germany, November 25, 1841, but most of his life was spent in this country. In recent years his home has been in Helena, Oklahoma. He came to Jacksonville about four weeks ago and had been making his home with his sister, Mrs. C. E. Dyche of 652 Hardin avenue.

Mr. Ortman was twice married; the maiden names of his wives being Susan Holmes and Miss Mary Cronin, both of whom preceded him in death.

The following children survive: Mrs. Nettie Thrasher, Anthony, Kans.; Mrs. Edith Truesdale, Hutchinson, Kans.; Charles Ortman, Helena, Oklahoma, and one sister, Mrs. Dyche of this city.

He was a member of the M. E. church in Helena, Oklahoma and of the Masons at Virden, Illinois. The remains were taken to the Gillham Funeral home and prepared for burial and will be sent to Enid, Oklahoma for funeral services and interment.

### DUTCH GOVERNMENT WATCH ALLIES ADVANCE

THE HAGUE, March 8.—The Dutch government, as much of Holland's commercial prosperity depends on the Rhine district, is watching closely any effect the allied occupation of the region or the proposed customs collections will have on Dutch trade. While losses may be incurred Dutch officials take the view that nothing can prevent Germany sending merchandise into Holland over the railroads. The Dutch even- ing papers generally are unfavorable to the action of the allies calling it a violation of the treaty of Versailles.

The Vaderland says the measure certainly do not improve the power of Germany to paper.

## Auto Show Surpasses Greatest Expectations

Products of the automobile industry in 1919 were worth \$2,500,000,000.

Without the material made in automobile factories our part in the world war would have been almost wasted.

Can you imagine this city without a single automobile? Think of it.

The man who regards the automobile as a luxury cannot consistently ride in a Pullman car.

Prosperity is ahead, for men, money and material are ready.

Did you ever consider how little of the time your car is used for pleasure purposes and how much it is used for business?

The automobile industry pays annual freight charges of \$100,000,000.

This may not be exactly auto-exposition weather, but you'd think otherwise if you visited the big exhibit at the H. Z. Auto Inn yesterday afternoon or evening. There were great throngs present all thru the hours and if road conditions were favorable, it is easy to understand that hundreds would be unable to gain admission.

"It's a great show and I really had no idea that the automobile men and merchants were making such extensive preparations," was the comment heard from countless sources yesterday.

The visitor who enters the Inn is directed to turn to the left, where he finds easy approach to the spacious aisles which pass the automobile exhibits. The car arrangement has been well planned and the numerous handsome models would be attractive even tho the great storage room had not been beautified with flowers, plants and flags, which are given an added brilliancy thru the splendid system of electric lighting.

Those who have visited automobile shows in other cities are impressed with the fact that the cars here are placed so that space can be economized. In the average exhibit the idea seems to be to so arrange the cars that as much space as possible is used and the idea of business given. Here this has not been possible, if all the automobile men and merchants who desired to participate were given the needed space.

The aisle arrangement is admirable and one inspection furnishes ample proof that Mr. Wilkinson, who directed the preparations for the exhibit, is thoroughly experienced and knows exactly what he is doing. The automotive men have shown in musical instruments, the efficiency and ability that he has shown. The exhibit is larger and better than they themselves realized it would be, and they freely and generously give the main credit to Mr. Wilkinson.

It was certainly an excellent idea of having merchants to join with the automotive men, for their exhibits are very attractive and make a distinct contribution. This is particularly true of the firms dealing in musical instruments, for the musical features thus afforded make up an important part in each day's program, supplementing in a very fine way the generous work of the Dunlap orchestra.

#### Notes

J. F. Claus, president of the Automotive association, announced last night that the association had been fortunate in arranging for the appearance of Jacksonville's newly organized band for Thursday, Friday and Saturday night program.

With so many exhibits, it is not possible to mention them all in one article, but each will be given some notice before the exposition closes.

A. S. Frampton, of the Hudson Frampton Co., of St. Louis, will arrive today to spend some time with D. N. James Motor Car Co., local distributors. H. R. Henry, general sales agent for the St. Louis Co., is already here. Today the visitors will show the "Trail of the Arrow" film, a screen production detailing the experiences of two young women on their journey thru Death Valley, near Los Angeles, in an Essex car.

Ralph Withee has been greatly annoyed by the nonarrival of a shipment of souvenir rubber tires but the shipment of 1,000 little tires is expected with each mail. Mr. Withee already has promises out for at least 500.

The Hudson Bros.' display is of a varied kind. It includes not only cars and trucks, but a monoplane as well, to say nothing of a miniature Ferris wheel.

One of the noticeable exhibits is used by the U. S. Underwriters, the recently organized Jacksonville Auto Insurance Co., with which R. Y. Rowe and Hackett Wylder are identified. Their business is so closely allied to the automobile industry that the exhibit is especially appropriate. In a guessing contest, automobile insurance policies are offered as prizes.

### Social Events

#### Gave Party for Son

Mr. and Mrs. Frank Knust entertained a number of little children and friends at their home in New Berlin Saturday in honor of the 7th birthday of their little son Joseph. Music and games were played and the afternoon greatly enjoyed. The little boy received many useful gifts. During the afternoon dainty refreshments were served.

#### Westminster Missionary Society Met

The Home and Foreign Missionary Society of Westminster church were guests at the home of Mrs. Frank Oran on West College avenue yesterday afternoon. The subject of the afternoon was "Africa" and Mrs. J. T. Gunn presented a very interesting paper about the missionary work being done there. The meeting closed with a social hour.

#### Sewing for Bazaar

The Congregational Ladies Aid Society met yesterday in the church parlors. A delicious luncheon was prepared in the church kitchen and after lunch the ladies spent the afternoon sewing for the Easter bazaar.

#### Mrs. Homer Cully Hostess to Club

The Strawn's Crossing Woman's Club met yesterday afternoon at the home of Mrs. Homer Cully on North Prairie street. Mrs. Harry Foster read a very interesting paper on "The Tragedy of Starved Rock." "Woman's Problems" was the subject of a talk by Miss Anna McDonald. The latter told of various problems which a woman is called upon to meet in life. The members answered roll call by giving their suggestion as how best to solve these problems.

There was a large attendance at the meeting and after the program a delightful social hour was enjoyed and Mrs. Cully served refreshments.

#### Missionary Circle Met

The Ella Ewing Missionary Circle of Central Christian church met last evening at the home of Mrs. G. U. Mason on West North street. Miss Pearl Jewsbury was the leader for the evening. After the usual devotional exercises, Miss Jewsbury gave out questions which were answered by the names of some missionaries. Miss Frances Alkire gave a very clever reading and some Victrola music was enjoyed. The evening closed with the usual pleasant social hour and the serving of dainty refreshments by the hostess.

#### Domestic Science Circle Of Franklin Meets.

Members of the Domestic Science Circle of Franklin were entertained Tuesday afternoon at the home of Mrs. James L. Seymour. There was a very good attendance in spite of the unfavorable road conditions, and one visitor was present. Mrs. Herman Dahman. Members responded to roll call with "Women in Politics."

A very interesting paper on "Congress and the President" was presented by Mrs. Arthur Van Winkle. This was followed by some music on the Victrola and then Mrs. C. J. Whitlock read a very informing paper on "Ireland." The program included an informal discussion of various current events. A social half hour followed the program.

and at this time the hostess served excellent refreshments.

The next meeting will be held on Tuesday, March 22 with Mrs. L. J. Massey.

#### State Street Missionary Society Held Meeting

The annual meeting of the Woman's Missionary society of State Street Presbyterian church was held Tuesday afternoon. Mrs. W. H. Marbach who had charge of the program gave an illustrated talk, on a birds-eye view of the home mission field of the Presbyterian church in America. The annual report of the following officers were read. Mrs. John Cherry, secretary; Miss Nellie Cunningham, treasurer and Mrs. James Brown secretary of literature. The new officers were installed in a beautiful service. Miss Josephine Morey, president; Mrs. F. M. Foley, first vice president; Mrs. James Robertson, second vice president; Mrs. John Cherry, secretary; Miss Nellie Cunningham, treasurer; Mrs. James Brown, secretary of literature and Mrs. Mary Dunlap, corresponding secretary. A self denial offering was taken at this service.

After the business session a social hour was spent when refreshments were served by executive committee.

Mr. and Mrs. Elmer H. Meyer are now living in this city, their home being on Jordan street. They have recently moved to Jacksonville from Prentice precinct.

### LANDIS WILL BE ASKED TO INTERVIEW

AKRON, O., March 8.—Baseball Commissioner K. M. Landis will be asked to interview in the Akron International League franchise muddle, President Joe Thomas of the local club announced tonight. Thomas stated that he will attempt to retain a berth in the International League for Akron.

Failure recently of Akron business men to raise money for retention of the franchise was followed by announcement that Newark, N. J., sportsmen would take it over for \$25,000. Upon refusal of owners to sell for that price the league declared the franchise forfeited.

### KANSAS FARMERS HAD LOTS OF GRAIN

TOPEKA, Kans., March 8.—Kansas farmers had 41,117,000 bushels of wheat and 74,269,000 bushels of corn on hand March 1, according to estimates announced today by the United States bureau of crop estimates in Topeka. The amount of oats on hand was 33,024,000 bushels, barley 19,217,000 bushels.

The heavy carry over is attributed very largely to a deliberate intention on the part of the farmers to so distribute the marketings as to maintain at high a level of prices as possible on a market that showed tendencies to demoralization at all times and has been generally regarded as decidedly unprofitable, the report states.

### DICKSON WILL ADDRESS ELKS

Adjutant General Coming Here for Ceremonial Session March 17th—District Official Will Also be Present.

This is the closing day for receiving applications of men who are to become members of the Elks lodge with the big class of Tuesday, March 17. There will be 100 take the work at that time and the ceremonial promises to be one of the most interesting in the history of the order.

The grand district deputy, Mr. Stutler, of Litchfield, will be present, as will be Adjutant General Dickson of Springfield. General Dickson is to make an address and those who have heard him know that it will be of a kind well worth hearing.

### LEAVE FOR CALIFORNIA

Miss Laura M. Smith, accompanied by her two nephews, Robert and Maxwell Holsted, left yesterday for Los Angeles, Cal. Miss Smith plans to make an extended visit in the West, not returning before some time next fall. As their mother is living in Los Angeles now, the Holsted boys will probably live out there permanently.

## SLEEPING SICKNESS IS CAUSING CONCERN

Health Authorities in Atlantic Coast Cities Fighting Strange Malady—Unable to Ascertain Origin.

NEW YORK. — (By The Associated Press.)—Health authorities in New York and other cities along the Atlantic coast, are making strong efforts to cope with the disease of sleeping sickness or encephalitis lethargica which is reported as unusually prevalent this year. While stating that the malady should not cause public alarm, the medical

heads have warned that it should not be under-estimated. As an evidence of the renewed sweep of the peculiar epidemic, reports for the first seven weeks of 1921 indicate more than 215 cases in New York City of which 25 per cent were fatal. During 1920, a total of 500 cases were reported in this city with the death toll comparatively small. The most important step taken in the war on the disease was the move in several states in making sleeping sickness reportable. This has been done in Massachusetts and New York. In New York several health officials admit they are up against a baffling problem.

Various versions as to the

source and ravages of the disease have been offered. Health Commissioner Copeland, of New York believes the disease is not contagious—the ordinary sense. "This is proved," he adds, "by the fact that out of the total number of cases reported last year in New York City only in two instances was a second case reported where one previously had been found. The commissioner pointed out, however, that the majority of cases were reported on the lower East side, indicating sleeping sickness might have resulted from congested sleeping quarters.

Dr. Simon Flexner, in a clinical paper recently traced the origin of the disease in this country to 1918-19. He continued: "It is possible to trace cases of lethargic or epidemic encephalitis now arising in this country to an outbreak which occurred in Vienna and neighboring parts of Austria in the winter of 1916. Cases occurred in England and France in the early months of 1918 and in America in the following year. In Austria the early cases were ascribed to sausage poisoning, in England to botulism arising from various foods. This error is not remarkable. Both countries were laboring under an unprecedented condition of food shortage.

"Ultimately in both countries the notion of food origin became untenable, and the disease was recognized as arising independently of diet and other usual conditions of life, and came to be viewed as probably of microbe origin and of communicable nature.

"The outstanding feature is the lethargy, which is progressing in character and present in the majority of cases (80 per cent). It may appear suddenly but usually is general in onset. The patient becomes apathetic and dull, appears dazed or stupid the hours of sleep become prolonged, and he is hard to wake in the morning. Moreover he may fall asleep at odd hours—while engaged at work or at mealtime.

"Its duration is variable—a week, a month, or even longer—up to four months. Even after long periods recovery may follow."

## PRIMARY HELD IN S. JACKSONVILLE

President and Three Trustees Nominated—Election Will be Held April 19.

The village of South Jacksonville held a primary election Tuesday for the purpose of nominating a candidate for president and three trustees.

A total of 104 votes was cast, 64 men and 40 women. The following is the result of the vote:

President	M. W. Hugh McDevitt	40
Trustees	L. O. Berryman	19
	J. K. Harvey	45
	S. L. Perry	46
	John Godfrey	45

These men together with Mr. McDevitt will be placed on the official ballot to be voted for at the regular election to be held Tuesday, April 19. There were many scattering votes for various candidates as one filed a petition for a place on the ballot and the spaces were all blank the voter writing in the name of his choice for the office.

## BUILDING PROGRAM AWAITS LOWER PRICES

The Building Construction Employers association of Chicago issues a monthly bulletin covering news matter concerning the building industry.

The current issue commenting on conditions says:

"Conditions Still Unsettled. The building business in Chicago is almost at a standstill and notwithstanding the repeated statement that there is going to be a big boom soon, the indications are that it will fail to materialize for some time. Home building construction is receiving a great deal of attention in the public press and the shortage of housing facilities is being much lamented. All the schemes suggested however to relieve the situation appear to fail for want of proper support by the financial interests. Homes cannot be built until at least a two-thirds value of the building can be secured as a loan and those who have the funds to loan are reluctant to place this money in a building project that can probably be constructed for less than the amount of the loan a few years hence. In the present unsettled condition some scheme should be devised to finance home building operations and relieve the now overburdened rent payer."

The Bulletin suggests that it is the public as well as employer that is demanding a reduction in wages related to the building industry and says:

"Up to the present time there seems to be little disposition on the part of the Building Trades to concede any reductions in wages in Chicago, the standard patterners are hoping that a boom in the building line will soon start and compel the making of new agreements at the present rates. It is not only the Contractor who is demanding a reduction but the great building public are. It must be recognized, refusing to let any work until a reduction in wages has been made."

## SINISTER HOUSE TO BE TORN DOWN

Washington — By the A. P.—For more than half a century an old brick house has stood down on passerby in "H" street. It has looked precisely as it looked on that dark day when Abraham Lincoln lay dead from an assassin's bullet and Mrs. Mary E. Surratt was haled forth from the old structure to pay with her life for complicity in the assassination plot.

The house was a boarding place then, a plain faced three story, rambling structure said to have been branded by President Johnson in approving the death sentence on Mrs. Surratt as "the nest which hatched the egg" of the plot for Lincoln's murder.

Thru the years it has stood decaying and its sinister memories, unmarked among historic buildings of the capital.

Now it is to give way to modern needs. Its walls whose bricks seem still to whisper with almost forgotten intrigues will come toppling and hardly a sign of the old remain in the glass fronted store the remodelers will erect from the ruins.

By an odd chance, the old building has been occupied until recently by the daughter and grand daughter of a woman who was in girlhood a close friend of Mrs. Surratt. George A. Atter and Louis Payne also were arrested there in connection with the plot and in later years there was some talk that the structure might serve as a museum for Lincoln relics, but it never bore fruit. Now the match of progress is to trample over it and obliterate its dark associations forever.

FARMER CAN PLOW  
ALL DAY, HE SAYS

Gains Twelve Pounds and Feels Like a Two Year Old Since Taking Tanlac.

"I can get out in the field now and plow all day long, something I haven't been able to do before for a long time," recently said Robert C. Shannon, a well known farmer living at Chatham, Ill., in relating his experience with Tanlac.

"For some two years before I got Tanlac my stomach and kidneys had been in a mighty bad shape and I was altogether in a badly run down condition. I couldn't eat to do any good, and after every meal sour gas formed on my stomach, bloating me up as tight as a drum and crowded around my heart until I almost smothered. I was so weak and short of breath that even in doing little odd jobs around the barn I had to stop and rest.

"My kidneys bothered me a great deal and I was very nervous, and my rest at night was always broken and disturbed. Every joint in my body ached, and all the strength left my right arm, so that I couldn't use it at all. Although I took everything I knew of or could hear of, I kept getting worse until I might have played out.

"Well sir, I hadn't taken all of my first bottle of Tanlac before I saw that I was on the road to recovery. I have taken four bottles now and can eat anything set before me and my stomach never gives me a particle of trouble. My kidneys have quit bothering me, my nervousness has left me and I sleep like a log every night.

"The pains have all gone from my joints and muscles and I can use my right arm without any trouble. I have gained twelve pounds and feel just like a two-year old all the time. Tanlac is certainly the medicine for me, and I am glad to take this opportunity to pass the good word along."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreve, and Wyle Drug Co., Franklin and Waverly and by leading drug store in all cities.—Adv.

INDIANS TO REVIVE  
FAMOUS SUN DANCE

Will Be Given at Rosebud Indian Agency This Summer—Two Famous Chiefs to Supervise Dance.

Rosebud Agency, Rosebud Indian Reservation, S. D., March 8.—"E ya ha we-e? e ye he ye ye." The Dakota braves will sing and the sun dance will begin.

A revival of this ancient religious ceremony is planned for the fourth of July celebration this year on the Rosebud reservation. Chief Maza Blaska (Flattened Iron) and Tatanka Pteclia (Short Bull), the aged, seer of the Dakota nation, and others of the older generation who took part in the ceremony when it was conducted in real earnest half a century ago, will supervise the production to see that proper effects are attained.

The dance (the paleface name for the ceremony which the red men know as the offering), is the chief episode in a ritual embracing a series of ceremonies lasting from three to six days. The actual dance begins at sunrise and continues until the following sunrise in the ritual, but the time will be shortened materially. Originally the dance was held upon the appearance of the full moon occurring at or next after the summer solstice.

Impressively, the sun dance will begin with prayer. Standing in a circle, with arms outstretched toward the sun, the dancers will slowly chant to the Great Mystery a prayer that all evil may be lifted from the individual and from the tribe, that their desires and wants may be gratified, and that they may be spared ill fortune.

With the final note of the fourth repetition the drum is struck, the time of the chant is quickened into spirited song, and the dance begins. Gazing ever at the sun, the dancers, garbed in the skins of wild animals and painted about the face and upper part of the body with the sacred red, will perform the motions and free movements of the dance, circling about the sun pole to the tune of the offering song. The singing begins in high notes and gradually declines until it is almost guttural.

The representation will include a replica of a Dakota Indian village—tepees of buffalo hide erected in a circle about an opened space, in which will be erected the sun pole or "mystery tree," symbolic of the center of the four quarters of the heavens; a sacred tent of preparation and a dance lodge, in which the dancers will make ready, and the afflicted will be treated with the curative wild sage, just as of yore.

It was the custom for each dancer to make a prayer to the disposer of the things he needed, through an appeal to the sun. In the dance each persisted in his part until he had received a vision from the sun. And if, at the close of the ceremonies, he had received no vision, he resorted to self-sacrifice, which was called "vision-hunting."

## TEACHING BREEDING OF LIVE STOCK

Grand Forks, B. C., March 8.—The Canadian government, which has expended large sums in the teaching of live stock breeding, grain raising and fruit growing, has added another feature to its campaign of agricultural education by establishing an apple-picking school in this town. Government instructors have been assigned to the unique institution, which is expected to effect a saving of thousands of dollars annually by eliminating waste due to improper packing.

Experts have pointed out that while some of the famous types of apples grown in the province are hardy enough to withstand careless packing, others are frequently damaged while being exported to England and other countries.

BIRDS PARTIAL TO  
LIVE GRASSHOPPERS

Washington, March 8.—A nice, tasty dish of live grasshoppers is much favored in the preferred menus of 25 out of 27 species of birds which the epicurian peculiarities have been noted by government experts. Farmers are urged to form leagues of war with any tribes of lark, sparrows, meadow larks, Franklin gulls, Arkansas king birds, crow, black birds and common king bird that show up around the farm, thereby obtaining the services of a vigilant and hungry air patrol against raiding "hoppers." The farmer could show his good faith in the alliance, the experts say, by "killing stray cats and chasing off unscrupulous hunters."

"Probably there are not enough birds in the country to clean up a full-strength invasion of grasshoppers, such as western farmers have come to dread," the government bulletin says, "but the birds assist materially in efforts to control the pest."

These Team-Mates Cook  
While You Rest

PUT your whole meal in the oven of your CLARK JEWEL Gas Range, set the "LORAIN" Oven Heat Regulator at the proper temperature, and then forget all about your cooking.

You know exactly when the meal will be done. And you know it will be delicious. Because "LORAIN" watches your cooking for you as carefully as if you were there all the time.

With the "LORAIN" on your CLARK JEWEL you can boil and stew foods in the oven instead of on the top burners, while you roast and bake at the same time. Thus have

those age-producing, pot-watching hours been ended, and you have more time for enjoyment and recreation.

And another lovely advantage is that your ordinary bakings are so perfect. This is because "LORAIN" has ended the guesswork when you adjust the oven temperature. You measure the heat as precisely as you do your flour and sugar.

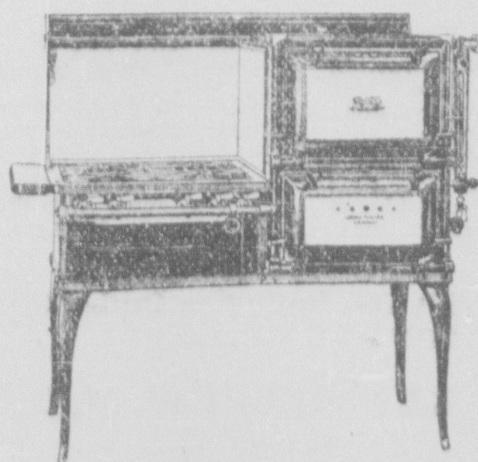

A CLARK JEWEL Range equipped with the "LORAIN" works while YOU rest. It gives you new, better and easier ways to cook.

We shall be glad to show

you these matchless stoves, and to demonstrate the wonderful results of the "LORAIN" Oven Heat Regulator to you. We urge you to come in at your earliest convenience. We have a book, "An Easier Day's Work," for you.

## BASEBALL PROMISES TO HAVE GOOD SEASON

Indications Are That Attendance  
Record of 1920 Will be Sur-  
passed

New York—Baseball thruout  
the country during the 1921 sea-  
son promises to show continued  
growth in popularity, which has  
been a consistent feature of the  
national game since the close of  
the world war. Last season new  
attendance records were made in  
the major and minor leagues and  
unofficially it was said that  
never in its history has the game  
enjoyed such a prosperous season  
generally. Off season indications  
are that the records of 1920 will  
be surpassed next summer. This  
leads to the questions "Where  
will the club owners put the fans  
who desire to see the games if  
baseball continues to grow in  
popular favor?"

There are some sizable base-  
ball parks in the country the  
largest of which is Braves Field  
at Boston with a seating capacity  
of 47,800. Most of the parks are  
sufficiently large to accommodate  
the crowds that ordinarily attend  
the games, but in every baseball  
city there are occasions during  
the season, especially on holidays  
and in cases of important series,  
when the largest of parks are in-  
adequate to accommodate those  
who desire to pass thru the turn-  
stiles.

Large and numerous as are the  
baseball parks thruout the coun-  
try in cities represented by pro-  
fessional teams, it will surprise a  
majority of the fans to learn that  
the total seating capacity of all  
the parks of major and minor  
leagues of importance is less  
than one per cent of the total  
population of the country, 105,-  
683,108, as shown by the 1920  
census. The seating capacity of  
the parks in the major leagues  
and the principal minor leagues  
totals approximately 961,000,  
which with some minor leagues  
whose statistics are not available,  
probably would bring the total  
seating capacity of all league  
parks in the country up to a  
round million.

The apparent congestion of  
seating capacity is more acute in  
the two major leagues than it is  
in the minors. The cities repre-  
sented in the National League  
have a total population of 12,-  
655,308 and the baseball parks in  
those cities have a total seating  
capacity of about 139,000. This  
means that there are seats in all  
National League parks for only  
1.6 per cent of the population and  
it would mean that if all the peo-  
ple of those cities took the notion  
to attend the games on some holi-  
day about 60 persons would be  
scrambling for possession of each  
seat.

As regards the proportion of  
seats to population the situation  
in the American League is virtu-  
ally the same as in the senior  
major league. The cities in the  
circuit headed by Ban Johnson  
boast of a total population of 13,-  
594,041 persons, while the clubs  
in the American League have pro-  
vided seats for close to 215,000.  
Here the percentage of accommo-  
dations for the population is  
about 1.6, the same as in the Na-  
tional League, but reduced to ac-  
tual figures it means one seat for  
each 63 persons.

Conditions are a trifle better in  
the three Class AA Leagues, the  
seating capacity of which is be-  
tween three and four per cent of  
the population. The American  
Association with a population of  
2,433,000 in its eight cities can  
seat 94,500; the New Internation-  
al League with a total popula-  
tion of 2,879,000 has seats for  
70,400 and the Pacific Coast  
League with 2,100,000 popula-  
tion has provided 92,400 seats.

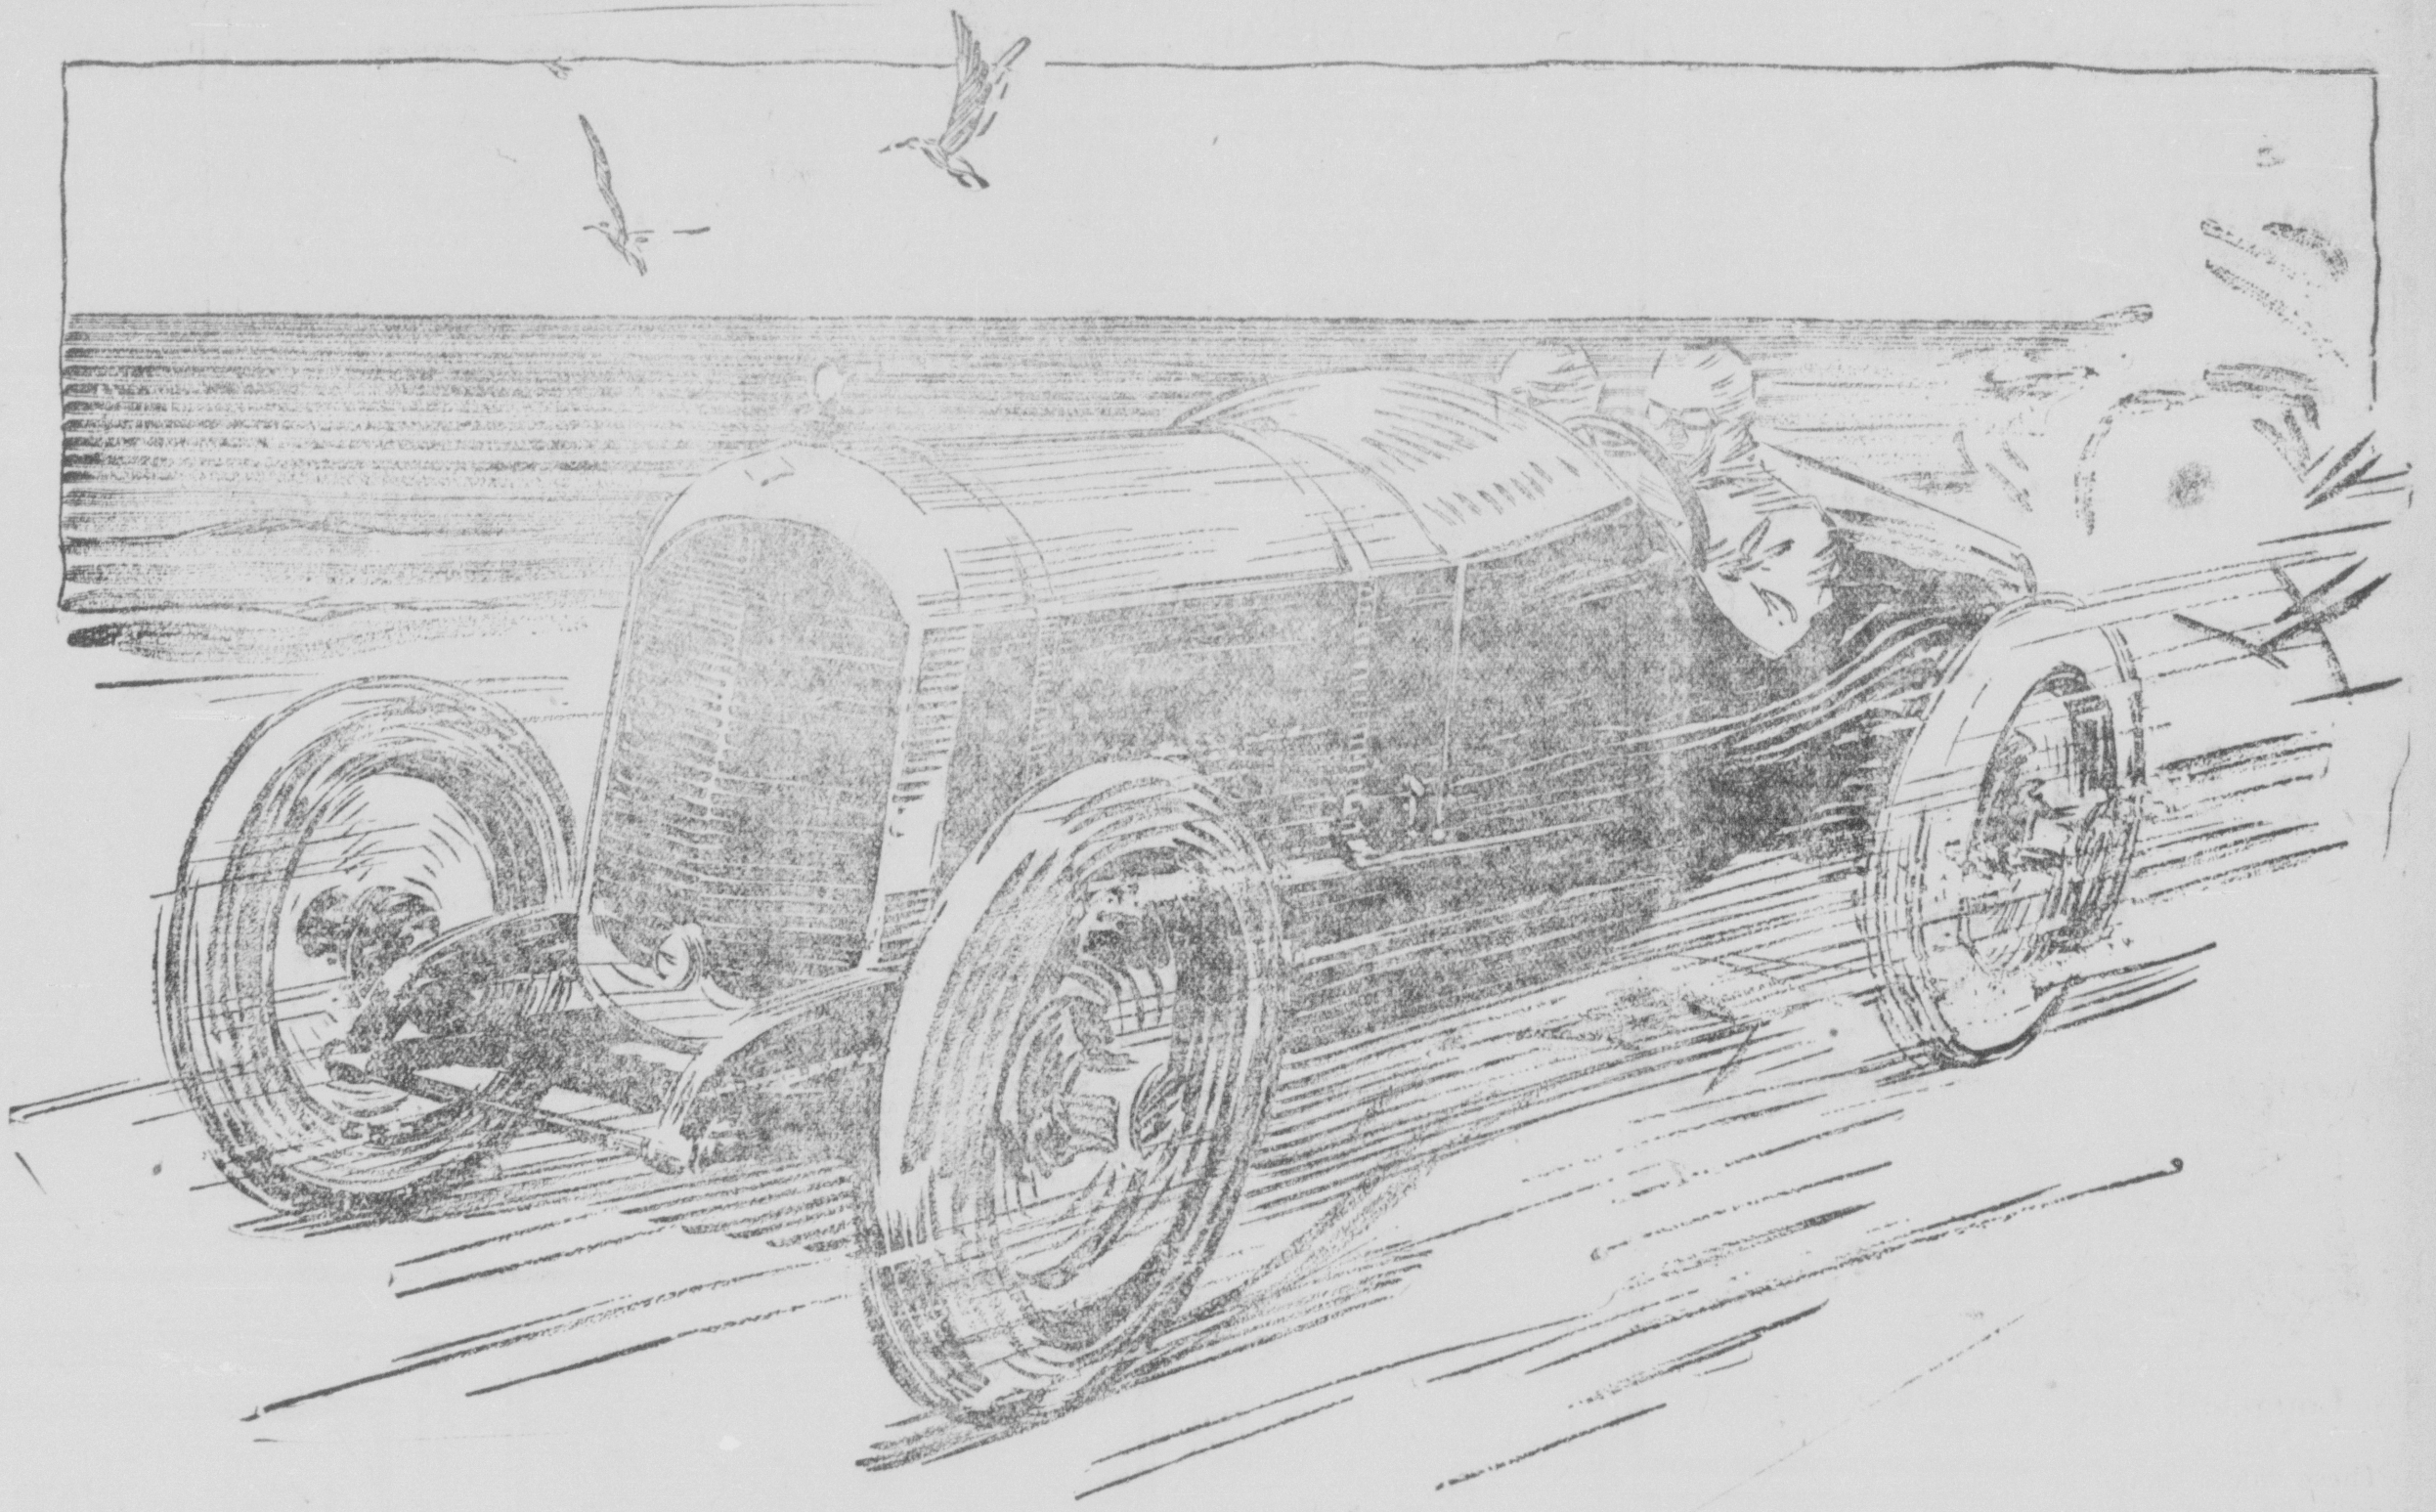

The club with a particularly  
attractive star, such as Babe Ruth  
was to the New York Yankees  
last season, finds it difficult  
many times during the season  
to take care of those who are  
anxious to contribute to the fi-  
nancial success of the club. There  
were several Saturdays and Sun-  
days last season when the Yank-  
ees were playing on the Polo  
Grounds and when it was neces-  
sary to close the gates long be-  
fore the game started, thus turn-  
ing away thousands of disap-  
pointed fans.

The problem of seating capac-  
ity is one that is likely to remain  
with the club owners for all time.  
In most of the parks that are  
now established it is quite im-  
possible to increase the seating  
capacity because of the lack of  
space and with the steady growth  
of American cities club owners  
find it impossible to select sites  
for new parks within distance  
that fans are willing to travel to  
witness games.

**NOTICE TO TAXPAYERS**  
The tax books are now in  
the collector's office and taxes  
extended stand as judgments  
against all parties mentioned  
therein.

Persons paying on personal  
property only should pay the  
tax promptly and avoid trou-  
ble and expense in collection.  
The judgment reads as fol-  
lows: "In case any person  
named in said books shall ne-  
glect or refuse to pay their  
personal tax, you shall levy  
the same by distress, and sale  
of goods and chattels of such  
person." Parties paying on  
real estate should bring their  
old tax receipts to save time  
and avoid mistakes. If pay-  
ing thru the banks, leave  
your old receipts with your  
bank as soon as possible.

THE MOST BEAUTIFUL CAR IN AMERICA

## The Fastest Stock Car in the World

On January 21st the Paige Daytona Model 6-66 broke every stock car record for speed when it covered a measured mile in 35.01 seconds—a pace of 102.8 miles per hour.

This marvelous feat was accomplished on the sand beach at Daytona, Florida and both the time and chassis checking are officially attested by the Contest Board of the American Automobile Association.

Today, therefore, Paige stands as the unquestioned stock car champion of the world. And, what is even more, the entire line of Paige 6-66 Models is revealed as the most important automotive development of the age.

Henceforth these cars must be recognized by the entire world as Speed Masters of the highway. There need never be humiliating dust for the 6-66 owner because he will drive with the serene confidence of the true champion—and his horn blast will be more than an idle boast.

If you would be convinced, take just one demonstration in a Paige 6-66 Model and judge it from the standpoints of power, speed, acceleration, spring suspension and general motor efficiency.

Get the facts—actual lapsed time of the tests—and make a record on the demonstration card furnished by our dealer.

Then, take a second demonstration in any other car—at any price—and compare the results. That is all we ask and it is all that any good sportsman could possibly desire.

And remember, please, when you ride in the 6-66 you are riding behind an exclusive Motor—a six cylinder power plant that you will find in the Paige and no other car in the world.

We repeat, take just one demonstration—and draw your own conclusions.

Health the Keynote to Beauty  
Beauty means so much to women—power, social triumph, admiration and love. Beauty implies good health. Who ever saw a woman racked with pain, struggling with weakness or disease, who could be called beautiful?

The woman of today in this high-strung, nervous age is continually overdoing, with the result that ill health to her sex develop which, unchecked, will ruin all chances for her happiness. The natural restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been recognized as a standard remedy for women's ills, and has done much to relieve pain and restore good health to women.—Adv.

### FOR MOTHERS

Bloomington, Ill.—"Dr. Pierce's Favorite Prescription proved very beneficial to me as a tonic. During expectant I became all run down, weak and so nervous I could not sleep. I had no appetite, was feeling miserable all over when I decided to take the Favorite Prescription. It soon built me up in strength, all nervousness left me, I could eat and sleep and felt like a different being. If more women would take this medicine there would be fewer ailing."—Mrs. Zella Shaffer, 1010 W. Front St.

## A Wonderful Opportunity

ONE THAT HAS NEVER OCCURRED BEFORE  
THERE WILL NOT BE SUCH A CHANCE AGAIN

### SEE WHAT WE GIVE YOU—

In order to bring our remarkable book "LOVE AND WAR" before the public we are making a most unusual offer. "LOVE AND WAR" is a romantic novel; full of life and love and passion. A tale of heroism and love's reward. It is vivid and thrilling; once you begin, you cannot stop until you have read to the end. It makes the tears come to your eyes, and your heart beat fast with excitement, for it takes you to the actual scene of conflict—tells you things that have never been told before. Read what Lieutenant Cross of the Canadian Air Force, says about it:

"I have read 'Love and War'. It is vivid and thrilling. I myself took an active part in the War, and so am in a position to judge the truth of the descriptions.

They are REAL. The book gave me a new insight into the conditions that existed at the front. The happy way in which Romance is blended with Reality makes it a most outstanding book,—one that should be read by everybody who is interested in the doings of fair women and brave men.

"Yours very truly,  
"Ronald Cross,  
"Lieutenant, C.A.F."

The published price of this remarkable book is \$3.50. We make a special offer \$2.50 at the very low price of.

In addition to the above, we send to you, absolutely FREE

### A Reliable Watch

This Splendid Timekeeper is made by the largest makers of watches in the world. It is handsome and reliable; a Watch that any man or woman would be proud to own. This is not a cheap thing, but a Watch that costs \$2.50 in any U.S.A. store, or \$3.35 in any Canadian store. When you receive it, compare it with the watches in any jewellers—you will see that the watch we give you is the same as those sold at the prices we have named.

### BUT THAT IS NOT ALL.

We also send you, as a free gift, FIVE SPLENDID BOOKS, printed on good paper, handsomely bound, well illustrated, that sell at 60 cents apiece—\$3.00 in all. These are good, clean fiction for men and women, boys and girls. You will read them over and over again. We will make a selection of 5 from a series and send them

Free, so that you will know THE WORLD PUBLISHING ASSOCIATION, and tell your friends about us.

To those who send their orders before March 10th, 1921, we make a further present of 10 Useful Household Articles. So see that your order is in on time.

### WHY WE MAKE THIS UNIQUE OFFER.

No doubt you are asking yourself how anybody could give such a remarkable amount of goods, all for the small sum of \$2.50. As you know, it costs any advertiser many thousands of dollars to get his name and his goods before the public. Often it is a question of years, as well as of money, before people all over the country know about a firm. We have decided to MAKE OURSELVES KNOWN, so that there is not a home where THE WORLD PUBLISHING ASSOCIATION is not a familiar name. And this is the method we have adopted. We believe that if we GIVE YOU SOMETHING, such as has never been given before, you will learn about us more quickly and more satisfactorily, than if you saw our name a thousand times. But you have to hurry up. Send in your order before March 10th and take advantage of our Great Free Offer.

**DO NOT WAIT—DO NOT DELAY**  
SEND YOUR ORDER BEFORE MARCH 10th.
